

## SENATE PUTS FOOT ON MILEAGE GRAB

Strikes Out House Amendment Appropriating \$190,000 for Extra Session.

## SUNDY CIVIL BILL PASSED

Man Proposes to "Corner" Cotton Crop by Introducing Boll Weevil Into South.

(By Associated Press.)  
WASHINGTON, March 2.—The Senate passed the sundry civil appropriation bill, carrying about \$68,000,000. Various amendments were offered to the measure, and most of them were debated at some length. There was also a discussion of the pure food bill, and Mr. Dilliver made a brief speech in support of his resolution providing for the appointment of a joint congressional committee to investigate the question of railroad rates. The resolution was referred to the Committee on Interstate Commerce.

**Shot at Jerome.**  
When the sundry civil bill came up the House provision relating to the expenses of Federal judges was amended at the instance of Mr. Platt (Connecticut), so as to provide for "reasonable expenses actually incurred for travel and attendance," not exceeding \$10 a day. Mr. Cullerton presented an amendment prohibiting the allowance of fees to United States district attorneys in excess of their salaries. It was aimed especially at the New York district attorney, Mr. Bacon suggested a fixed salary of \$10,000 for the New York office, and with this change the amendment was adopted. It prohibits the payment of fees to district attorneys except in the case of the District of Columbia.

**Comer Cotton Crop.**  
Mr. Heyburn immediately called up the pure food bill, and addressed the Senate on its provisions. While talking he was interrupted by many senators desiring to pass the bill. Among these was one prohibiting the sending of insects injurious to crops through the mails, and in doing so Mr. Cullerton objected, and in doing so he had a letter read from Charles William Channing, of Texas, proposing to "corner" the cotton crop by the wholesale introduction of the boll weevil into the Southern States. While the letter purported to be from Texas it was written on paper bearing the letterhead of Price, McCormick & Company, of New York, and the name said that the name signed was fictitious.

Mr. Platt (Connecticut) offered a number of amendments to the pure food bill, and discussed the general provisions of the measure.  
Mr. Hale reported the general deficiency bill, and a recess was taken until 2 P. M.  
When the Senate resumed the pure food bill was temporarily laid aside, and Mr. Keane reported back the resolution instructing the Committee on Interstate Commerce to sit during the approaching recess of Congress. The resolution was commented upon by several senators.

**General Deficiency Bill.**  
The general deficiency appropriation bill, the last of the great supply measures, was taken up.  
Mr. Hansbrough moved to increase from \$10,000 to \$25,000, to appropriation for the expenses of the Congressional Committee to investigate the opening of the Lewis and Clark Exposition. Mr. Bailey opposed the increase saying that \$10,000 each for the committee on such a trip is an unwarranted extravagance. The motion was voted down.

**THE HOUSE.**  
Lively Discussion Over Question of Cost of Armor Plate.

(By Associated Press.)  
WASHINGTON, March 2.—Conference reports of the committee on armor plate bills were agreed to by the House to-day, while the conference report on the naval appropriation bill was partially agreed to. It was sent back for further conference after a lively discussion of the question of the cost of armor plate and the building of an armor plate plant. Amendments to the bill were made, and the bill was passed by a vote of 190 to 100. The bill provides for the construction of an armor plate plant at the Naval Yard, and for the purchase of armor plate for the Navy.

A bill to provide in one of the Territories and to prevent the spread of leprosy in the United States, occasioned a lively debate. It was defeated.

## GREAT SUPPLY BILLS ARE NOW WELL IN HAND

But One Day Remaining to Session of Fifty-Ninth Congress.

(By Associated Press.)  
WASHINGTON, March 2.—With one remaining legislative day, which includes Friday night and the forenoon of March 4th, the Fifty-ninth Congress has the supply bills necessary to be passed well in hand. All the bills have passed both Houses and all but five have been agreed to by conference.

**Statehood Bill.**  
(By Associated Press.)  
WASHINGTON, March 2.—Numerous conferences on the statehood bill to-day failed to bring about an agreement by which legislation for either one or two new States might be had at the present session. The conferees adjourned until tomorrow without any proposition having been made during the day that even approaches promise of ultimately compromising the difficulties.

**Indian Bill.**  
(By Associated Press.)  
WASHINGTON, March 2.—Conferences on the Indian appropriation bill reached an agreement to-night on all but three amendments. The bill was passed by the House to-day, and the Senate will act on it tomorrow.

**Postoffice Bill.**  
(By Associated Press.)  
WASHINGTON, March 2.—A complete agreement was reached in conference to-day on the postoffice appropriation bill.

## GUDGER APPOINTED.

North Carolinian Becomes Judge of Isthmian Supreme Court.

(By Associated Press.)  
WASHINGTON, D. C., March 2.—The President has appointed H. A. Gudger, of North Carolina, to be judge of the Supreme Court of the Panama Canal zone, in place of Judge Osceola Kyle, of Alabama, resigned. Mr. Gudger has been a special agent at Panama since July, 1897, and is thoroughly acquainted with the people and conditions on the Isthmus. One of the reasons for the resignation of Judge Kyle was his inability to understand Spanish and another his unfamiliarity with the customs of the Isthmus. Judge Gudger is especially well equipped in both of these particulars. Secretary Taft said to-day that the change involved no reflection upon the character of Judge Kyle.

## SPECIAL MESSAGE ON SAN DOMINGO TREATY

(By Associated Press.)  
WASHINGTON, March 2.—President Roosevelt will send to the Senate tomorrow a special message relating to the Santo Domingo treaty, which is pending before that body. The nature of the message has not been divulged, but it will present in concrete form the circumstances of the negotiation of the convention and the arguments for its ratification as urged by the administration.

## ENGLAND SPENDING \$166,000,000 ON NAVY

(By Associated Press.)  
LONDON, March 2.—A memorandum of the navy estimates, issued to-night, shows the estimates for 1905-1906 to be \$166,000,000 against \$154,450,000 for the current year. The admiralty proposes to build during the year one battleship, four armored cruisers, five ocean-going torpedo-boat destroyers, one ocean-going torpedo-boat destroyer, one submarine, and eleven submarines.

## DO NOTHING YET.

Investigation of Tobacco Trust Will Be Delayed.

(By Associated Press.)  
WASHINGTON, D. C., March 2.—No action will be taken by the House at this session on the Kehoe resolution for an investigation of the "tobacco trust." Representative Smith (Kentucky), who was delegated by the Judiciary Committee to consult the Attorney-General on the subject, has found it impossible to arrange a satisfactory interview, and to-day expressed the opinion that, with the "steel trust" and the Department of Commerce and Labor will be running to its full capacity during the summer.

## THE REBATE CHECK SYSTEM.

The issuance of books of checks entitling the holders thereof to a generous discount on every cash purchase made at the leading stores in this city.  
The chief object of the Rebate Check System is to encourage you to pay cash for whatever you purchase, thereby guaranteeing to you an actual saving of five cents on every dollar you spend.  
Over two hundred of the city's wide-awake, progressive merchants have signed contracts to accept rebate checks and new ones are being added to this list every day. You can plainly see that it is to your advantage to spend your money with merchants that accept rebate checks. Give these merchants the great bulk of your valued patronage, and do everything in your power to induce your friends and neighbors to do likewise.

The man or woman who uses rebate checks actually saves one cent on every twenty cents cash purchase, two cents on every forty cents cash purchase, four cents on every eighty cents cash purchase, five cents on every \$1 cash purchase, twenty-five cents on every \$5 cash purchase, and so on. See what this means to you in the course of a year, or even in a month or a week?  
The grocers accept the rebate checks, the butchers accept them, too, and so do the dry goods, clothing, shoe, millinery and furniture stores. The plumbers and the electricians accept them, and so do the stove dealers and the wood and coal dealers. In fact, there is hardly a store in any branch of business that is not glad to accept them with your cash purchases.

By the aid of rebate checks the man that spends five dollars a week will actually save enough on his purchases to keep his lodge dues and life insurance policies paid up. The woman who spends but a dollar saves her nickel car fare. It doesn't require much figuring to quickly see the tremendous financial help the rebate checks will be to you.

A book of checks will cost \$10 in discounts, costs you but one dollar.  
A clear, unquestioned saving to you of nine dollars (\$9). The book is as good as a certified check on any bank for ten dollars (\$10). Take the checks and spend them the same as actual money for 5 per cent. of each dollar you buy for cash. See Rebate Check Directory and Times-Dispatch for list of stores that will accept rebate checks.

## PUSHING PLANS FOR IRON MERGER

Negotiations for Consolidation of Southern Companies Said to be Progressing.

## HOADLEY CONTROLS T. C. I.

Proposed to Put Stock of Company Into Combination at Par. Conferences Held.

(Special to The Times-Dispatch.)  
NEW YORK, March 2.—Hoadley dominates news of what has transpired at the various conferences of Southern banking and railroad men and the representatives of Sloss-Sheffield, Tennessee Coal and Republic Steel, who are still in the city, is not obtainable, there is excellent authority for the statement that the negotiations for consolidating the Southern iron companies are progressing satisfactorily. It is said a price has been agreed upon for the purchase outright of the Southern properties of the Republic Iron and Steel Company in which the deal with respect to these properties is closed with the exception of carrying out the usual details.

**Hoadley in Control.**  
There is said to be no reason for modifying the statement that the Hoadley interests have control of the Tennessee Coal and Iron Company. The information comes from a good source that it is proposed to put the stock of the latter company into the consolidation at par. The Hoadley interests have also been pretty large buyers of Sloss-Sheffield stock. There is no special news regarding the negotiations in connection with that company, but the details are being worked out as rapidly as possible. It is definitely stated that the dominant interest in that company are largely indifferent regarding the matter of consolidation, as they are confident that they can make large returns for their stockholders by operating the company independently.

The earnings last year are said to have been equivalent to sixteen per cent. on the common stock and 1-1/2 year the expectation is that they will be considerably more as this will undoubtedly be the most profitable year in the history of the company. During the month of February, which is, of course, a short month, the company is said to have sold about 60,000 tons of iron. Large sales have been made at a further advance of 50 cents a ton in the past two days.

Before the matter of consolidation was proposed the Sloss-Sheffield directors were quoted as being favorably disposed to beginning dividends of the common stock at the next quarter at the rate of not less than five per cent. per annum. It is for any reason the consolidation of the company, which is, of course, a short month, the company is said to have sold about 60,000 tons of iron. Large sales have been made at a further advance of 50 cents a ton in the past two days.

## Plan for Holding Company.

In all probability, owing to the time that has been taken for the consolidation plans, the annual meeting of the stockholders of the Sloss-Sheffield Company, which is due to be held soon, will be postponed for a week or two in order to give time for the preparation of the report, and other matters connected with the meeting.  
The latest plan for the new holding company for taking over the various companies calls for a capitalization of less than \$100,000,000, which is said, will provide for taking considerable new working capital. Sloss-Sheffield interests are the only ones that will admit the progress of the negotiations toward consolidation, but in view of the fact that the Hoadleys are undoubtedly in control of Tennessee Coal and Iron, it is not expected there will be any obstacles in the way of the proposed consolidation from now on.

## NO AGREEMENT.

Conferees on Panama Canal Bill Ask for Discharge.

(By Associated Press.)  
WASHINGTON, March 2.—At a final meeting of the conferees on the Panama Canal treaty bill to-day the fulfillment of attempting a compromise was admitted and the conferees decided to ask for their discharge.

If this decision is accepted by the two Houses and if the general impression is that it will be, the effect will be to kill the canal bill entirely. Under the Spooner act it is conceded that the President is empowered to go ahead with the construction of the canal.

Practically the only difference between the two Houses was over the provision of the canal bill, which abolishes the canal commission. This was stricken out by the Senate. The House would not accept any proposition that did not abolish the commission.

## History of Battle Flags.

(By Associated Press.)  
WASHINGTON, D. C., March 2.—Representative Bartlett (Georgia) introduced a resolution to-day for the printing of 5,000 copies of a letter written by Secretary of War Endicott in 1883, giving the history of the Confederate battle flags in the possession of the War Department, but which, under a law just passed, are to be returned to the Governors of the various States in which the regiments were organized.

## Bills Passed.

(By Associated Press.)  
WASHINGTON, D. C., March 2.—The Senate to-day passed bills authorizing the construction of a light and fog signal at Diamond Shoals, N. C., and authorizing the Pensacola, Alabama, and Western Railroad to build bridges over the Tombigbee River in Mississippi and over the Alabama and the Black Warrior River in Alabama.

## General Deficiency Bill.

(By Associated Press.)  
WASHINGTON, March 2.—The general deficiency bill reported to the Senate to-day and passed carries \$2,708,466. The Senate committee took out of the bill two provisions relating to the expenses of Federal judges, which had been incorporated in a bill introduced by the Judge Swayne Impediment.

## Nominations Confirmed.

(By Associated Press.)  
WASHINGTON, March 2.—The Senate to-day confirmed the following nominations: Postmasters: Florida—Charles N. Hildreth, Lyle Oak; North Carolina—Jasper Z. Waller, Burlington.

## ONE OF VICTIMS OF THE WRECK IS DEAD

(Special to The Times-Dispatch.)  
ALEXANDRIA, VA., March 2.—Fredrick Schneider, who was injured in the collision on the Washington Railroad, near Mount Vernon Electric at an early hour this morning at the Alexandria Hotel, died this afternoon, and the body will be viewed to-morrow by a coroner's jury. Schneider came here from Marietta, Pa., and was about forty years old. He was an engineer, and was engaged to be married to a young lady in Alexandria county.

The list of passengers injured includes forty or fifty people, among the most serious of Alexandria. Among the most seriously injured are Miss Bessie Nolan, who was jammed down through the floor into the machinery of the motor, and Mrs. Nettie Elsom, who was badly injured in the back and neck, and Mrs. Murtagh had her arm severely mashed. The officers concerning the responsibility for the disaster, but the circumstances tend to show that the north-bound train, which was running as an extra, had no right of way.

The south-bound train was running on schedule and the passengers who escape from worse injury was marvelous.

## Everybody is Surprised at Our Present Prices of Groceries.

Why so? It is the fact that we are selling our goods very, very cheap, but in order to sell cheap we must buy accordingly, and to that effect we strain every nerve—to buy close, to pay promptly, employing no bookkeeper, no collectors, buying goods by the carload—running so many stores we can afford to buy close and sell close, and all benefits derived by our attention to our business go to our customers. Appreciating their kindest support for ourselves as well as for our many employees, we pledge ourselves to spare no efforts or trouble to please our patrons to the best of our ability and our customers shall never lose a cent's worth of any goods bought from any of our stores.

Read carefully our weekly prices and keep account of your savings. If we do not save you money all the year round we do not want your trade; but we want you to try, then you will be convinced. See how we are growing. We started business in 1894 with one clerk, one driver and one wagon; to-day we are employing 55 clerks, drivers and cashiers and running 11 wagons. What this means
